

## Environmental Policy Statement

### Company description

All our activities have potential environmental impacts. We seek to understand the challenges of each site we operate so as to implement services, procedures and controls in a manner that will at least mitigate negative environmental impacts as far as possible, with a view to their eventual elimination when this is achievable.

### Our environmental commitments

We will demonstrate our commitment to the environment through:

- The promotion of sustainable development in our construction activities.
- Compliance with legal and other relevant requirements.
- The continual improvement of environmental performance throughout our operations and activities.
- Pollution prevention.

**Our environmental objectives:** To underpin these 4 commitments we have adopted the following:

- Promotion of sustainable development using reusable and recyclable products.
- Management and reduction of waste from our operations and activities.
- The identification and management of environmental risks arising from incidents and business activities
- Promotion of improved environmental performance by our contractors and suppliers
- Achievement and maintenance of an environmental management system conforming to **ISO 14001**.

### Environmental performance

Our objectives will be delivered through a programme of environmental targets and will be managed and monitored by our motivated teams.

### Who is this policy statement for?

Copies of this policy statement will be made freely available to all those with an interest in the company. This statement will be promoted to employees, customers and representatives of the local communities in which we operate.
