

Safety, Health, Environment & Quality (SHEQ)

Policy Statement - 2021

OUR COMMITMENT

Able UK is committed to having an accident-free workplace, we aim to achieve this by complying with all applicable regulations.

Looking after our people, clients, contractors, suppliers, communities and the environment is part of who we are and is reflected in what we think, feel, say, and do.

We will demonstrate our commitment to Safety, Health, Environment and Quality by:

- Developing, investing and implementing technologies and good practices to enhance product and service quality, reducing risks to the environment, workforce and public safety.
- Providing a climate where everyone is empowered to **STOP** activities if they feel it is unsafe at any time and any place.
- Continually improving our performance across our operations and activities.
- Setting objectives and ensure that adequate resources are provided to implement, monitor, and review this policy.

- Reducing, reusing, recycling - a commitment to ensuring a healthy future for our planet. We know that being an environmentally aware company helps make our communities safer and healthier.
- Protecting the environment, including prevention of pollution, sustainable resource use, climate change mitigation and adaptation, the protection of biodiversity and ecosystems. Reducing emissions, waste and the inefficient use of resources.
- Periodically review and audit our Information Management System to highlight deficiencies and areas for improvement. Through this process we will aim to continually improve the effectiveness of the system.
- Setting clear expectations and promoting a culture where SHEQ is reflected in everything we do.
- Striving to satisfy the requirements of all of our customers, stakeholders and interested parties whenever possible, meeting and exceeding their expectations.
- Maintaining Management Systems conforming to **ISO 45001:2018, ISO 14001:2015, ISO 9001:2015 and ISO 30000:2009.**

OUR OBJECTIVES

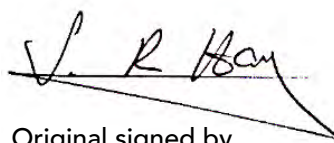

- Reducing risks to health, safety and the environment so far as is reasonably practicable through the development of appropriate procedures which enable us to recognise and mitigate or eliminate the causes of illness, injury and pollution.
- Setting of clear business, quality, environmental and health and safety objectives designed to maintain or improve performance.

PERFORMANCE

Our objectives will be delivered through a programme of key performance indicators which will be regularly monitored by our Senior Leadership Team.
