

# Ship Recycling - Policy Statement - 2023

## OUR COMMITMENT

*Able UK are a diversified and versatile organisation specialising in property development, port logistics, multi-user facilities, marine structure decommissioning, demolition, waste removal, treatment and disposal, redevelopment and construction activities.*

*It is the policy of Able UK Ltd to conduct business in a manner that protects and improves the environment.*

Able UK Ltd recognises the importance of environmental protection and is committed to operating its business responsibly and in compliance with all legal requirements relating to the receiving, decommissioning, dismantling, recycling and disposal of ships and marine structures in a safe and environmentally sound manner.

It is the Organisation's declared policy to operate with and to maintain good relations with all regulatory bodies.

Able UK Ltd shall carry out all measures reasonably practicable to meet, exceed or develop all necessary or desirable requirements and to continually improve environmental performance through the implementation of the following:

- Assess the environmental effects of the Organisation's activities;
- Training of employees in environmental issues;
- Minimise the production of waste;

- Minimise material wastage;
- Minimise energy wastage;
- Promote the use of recyclable and renewable materials;
- Reduce and/or limit the production of pollutants to water, land and air;
- Control noise emissions from operations;
- Minimise the risk to the general public and employees from operations and activities undertaken by the Organisation;
- Maintaining the Management System to meet the requirements of ISO 30000:2009.

## WHO IS THIS STATEMENT FOR?

Copies of this policy statement will be made freely available to all those with an interest in our activities. This statement will be promoted to our employees, to our customers and to representatives of the local communities in which we operate.
